Women Take Charge of Booths All Over City and Every One Casts Her Vote.

(Continued from First Page.) \$50 worth of provisions have been taken in through the community barrels at Center Market. Today the stations for receiving clothes were opened, and hundreds of garments, in excellent condition, were received. No record is kept of these, as they are being distributed by personal workers among families in need, as quietly as possible.

One of the most attractive booths appened today was that of the Nation-

pened today was that of the Nation-Democratic Women's Alliance at Ebbitt House, in charge of Ars, George Armes. At the New Willard Mrs. Wesley Martin Stoner was in tharge of the station of the Southern States Conference. At noon Mrs. William Kent, wife of Congressman Kent of California, sent representatives to open a station assigned to her at the Congressional Union, where a large collection from suffrage workers is expected.

### Dayton Inquiry Board Returns

The House committee making an impeachment investigation of United States District Judge Alston G. Dayton, of West Virginia, returned here today from Wheeling. Monday the investigation will be resumed here. It will then be determined whether former President Roosevelt, who appointed Judge Dayton, will be subpoensed. It is understood that Colonel Roose-elt has been asked whether he could velt has been asked whether he could give information, which he does not regard as confidential, relative to indorsements given Judge Dayton relative to charges that Dayton connived to have former Judge John J. Jackson retired so that he could be appointed.

Judge Dayton will take the witness stand himself here Tuesday. West Virginia, New York, and Washington bankers and railroad men will also testify. Department of Justice officials will also be called. The inquiry will close next week.

#### Face Peeling Habit Becoming Fashionable

(From Broadway Weekly) Women of fashion and refinement in this country as in Europe seem to have been acquiring the mercolized wax habit, depending less and less upon cosmetics for their complexion difficulties. It does seem a lot saner to just peel off the worn-out skin when it loses its the best defense against all cold troubled this can be done so easily, safely, is inlessly and economically. There's no rouble getting mercolized wax at any long store (an ounce will do), since its that the best defense against all cold troubles. The medicated vapors, released by the body heat, loosen the phiegm, clear the air passages and soothe the inflamed membrane. In addition, Vick's is abject that the second generally known are, and there's no trouble using it re, and there's no trouble using it— just as you use cold cream, applying at hight, washing it off next morning. The wax takes off the old scarf skin, in they wax takes on the old scarr skin, in tiny flakes, a little each day. The new underskin, which gradually appears, is velvety soft and beautifully white, radiant with girlish leveliness. Any surface trouble like blackheads, pimples, red or yellow patches, freckles, chaps, etc., valishes, of course, with the discarded cuticle.

It has also become the fashion, when wrinkles begin to appear, to bithe the face once a day for awhite in a harmless solution made by dissolving an ounce of powdered saxolite in a haif-pint of witch hazel. This is remarkably effective in grasing the hateful lines.

## "VOTES FOR CHARITY" Real Human Interest BUS OWNERS URGED SUFFRAGISTS' PLEA Marks Donation Work

Scenes, Pathetic and Comical, Enacted at Downtown Collection Stations, Alternately Pulling at Heart-Strings and Convulsing.

Human interest touches, some pathetic, some comical, marked yesterday's collections at most of the Donation Week stations. At some of the downtown stations, especially, were enacted scenes that alternately tugged at the heart strings of the workers and convulsed

At Ogram's one of the workers brought her child to the station with her, and while waiting for his nurse, sat the baby near the donation box. Along came a large, stalwart man, not of the alms-giving type, who was about to pass the box when he spied the child.

"Poor little kiddie," he said. "Those little outcasts at homes for foundlings always get me. Here's all the change I have."

POSTER CATCHES

At the same station is a poster of a rotund, jovial man spurging a cocktail and dropping the price of that luxury in the donation week box.

This poster caught the eye of an Trust building this morning. "My wife is making me walk to and from work, and will give the money to charity."

Another touching case of juvenile self-denial occurred at the Parker & Bridget to Hard to Columbia station, on "Here's 5 cents for chewing gum. I've carly.

"Gee, I'll have apoplexy if this thing keeps up a week," said one large man, as he entered the Washington Loan and from the Highway Bridge to Barcroft, are under consideration by the Arlington Citizens' Association, but these plans have not as yet taken a definite form. At the Sunshine Society's booth at Kann's, bearing a poster also appealing for the Day Nursery, one ragged newsboy strolled up to the box, nonchalantly dropped in 5 cents, and said:

"Guess I'll help to support that nursery thing. Got a kid sister the old lady takes there every day."

At Woodward & Lothrop's today a "beauty show" attracted attention. "I have picked six of the prettlest girls in Washington to help me with this booth today." said Miss Mary Gwynn. of the Washington Diet Kitchen, "and these will work in relays of twos, changing every hour. The men's furnishing department will be deserted before the day is half over."

CAUSES INDIGESTION

Excess of hydrochloric acid sours the food and forms gases.

Undigested food delayed in stomach decays, or rather, ferments the same as food left in the open air, says noted authority. He also tells us that ndigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prerents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acrid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we balch up gas, we eructate sour food or have heartburn, flatuience, water brash or He tells us to lay aside all digestive

He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jads Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing, and furthermore to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gasmaking mass, start the liver, stimulate the kidneys, and thus promote a free flow of pure digestive juices.

Jads Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.—Adyt.
